

RealResults™ Reporting

The Bridge From Good Data To Good Decisions

Individual shop or audit reports contain valuable data and can be pulled for any time frame you need and all data is live – that means if an individual shop or audit is adjusted, you can immediately pull a new report to reflect the adjustment.

Our robust reporting feature, **RealResults™** is included with all of our solutions because we know how important it is to your business to have reliable data available both in the office and on the go. With **RealResults™** you can **Create, Customize, and Share**.

Create

Report views are easy to create. Choose from the full list of individual mini-reports, drag and drop to place them on your view, and rearrange them as needed. Each user can create a custom view of their data to share it with their teams. Our Customer Success Managers can also help you create any kind of custom report, combining your needs and our best practices.

Customize

Each report can be customized to suit your unique business needs. We don't stop there. Reports aren't the only things that can be customized. Your contacts at **Reality Based Group™** will brand all of your reports to YOUR business. Whether you need a report to look beautiful for an on-screen presentation, or simpler for a low-ink printout, our team can make your reports feel like home.

Share

With Push Reporting, there is no need to email individual team members. Instead, automate your reports to send the most up-to-date actionable data every month. It's another way RBG is helping you work smarter, not harder. There's no need to worry about location managers seeing company-wide data when these reports are sent, either. Team members see only the data for the locations they manage, so that they can focus on what is most important to them
